Key Insights

- Clothing drives ~45% of revenue: Accessories add another ~32%
- Young Adults (18-25) contribute the least (~15%): the other three age groups are almost equal
- Subscribers spend the same per order as non-subscribers (\$59.49 vs. \$59.87) and generate ~27% of revenue
- Revenue is spread evenly across seasons and states, so no clear seasonal or regional pattern
